Dear Parents/Carers

Proposed Industrial Action - Letter Thirteen

You will be aware from media coverage that the NEU teaching union have again declared two more days of industrial action, which will take place on **Wednesday 5th July and Friday 7th July**, following on from their previous days of action. The strikes are happening because of a national dispute between the unions and the government over lack of school funding and teachers' pay.

Wednesday 5th July is Year 6 Transition Day across West Sussex. We have heard that Steyning Grammar School (Towers and Rock Road sites) are definitely going ahead with this on the 5th and they have contacted relevant parents to advise them. Children going to other secondary schools should have heard from their prospective schools direct.

Friday 7th July was already booked as an INSET Day here at Upper Beeding and we have already notified that the school will be closed on that day.

Please see below how the industrial action may affect all the classes, as at today:
